

Canadian Association of Rocketry

High Power Altitude Record Form

Applicant										
Name				Signature				CAR #		
Launch Site Information										
Launch				Location				Date of Flight		
Elevation ASL				Air Temperature				Barometric Pressure (if known)		
Launch Vehicle Information										
Rocket Name				Total Rocket Length				Simple Complex		
Empty Mass			Loaded Mass (all stages)				Cluster/Staged – (details)			
Stage 1 Diameter		Stage 1 Motor		Manufacturer			Impulse			
Stage 2 Diameter		Stage 2 Motor		Manufacturer			Impulse			
Stage 3 Diameter		Stage 3 Motor		Manufacturer			Impulse			
Total Impulse			H	I	J	K	L	M	N	O
Verification Information										
Altitude (AGL – Barometric only)						meters			feet	
Visual Track	Baseline		Track 1 Az		Track 1 Elev		Track 2 Az		Track 2 Elev	
Altimeter	Manufacturer				Model					
	Date of Purchase / Model date				Flown Before?		Yes	No		
Other	ie Radar									
<p>The individuals listed below certify that the motors listed above were the motors used in the record attempt and the altitude obtained by visual tracking or an altimeter is accurate to the best of his/her knowledge. The witnesses or launch officials can be any CAR member who observed the preparation and launch of the rocket. The applicant and Launch Officials must be a current CAR members.</p>										
Launch Official 1 Name				CAR #		Signature				
Launch Official 2 Name				CAR #		Signature				
Submission										
<p>Complete this form, include \$5 processing fee and forward to CAR HQ:</p> <p>By mail: Canadian Association of Rocketry 1518 – 3rd Ave. S. Lethbridge, AB T1J 0K8</p> <p>By Fax: 403-380-3922 By email: hq@canadianrocketry.org</p> <p>Email Altimeter files to: hq@canadianrocketry.org Be sure to reference your name, date and rocket.</p> <p>Note: this form must be filled out completely – any missing information will result in the form being sent back to the member.</p>
